Dr. Ron J. Tyrl
President
Oklahoma Academy of Science

May 17, 1998

I have examined the Balance Sheet arising from cash transactions of the Oklahoma Academy of Science as of December 31, 1997 and the related statement of Revenues Collected and Expenses Paid for the period January 1, 1997 to December 31, 1997. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other procedures as considered necessary in the circumstances.

The Academy's policy is to prepare its financial statements on the basis of cash receipts and disbursements. Revenues and the related assets are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly the assets and liabilities arising from cash transactions of the Oklahoma Academy of Science as of December 31, 1997, and the revenue collected and expenses paid during the period mentioned above, on the cash basis of accounting, which basis has been applied in a manner consistent with that of the preceding year.
